

# WHY THE HANG TAG WITH THE BEFORE and AFTER HAIR PICS?

Although we've gotten so many testimonies on what Miracle Lotion® has done on skin, the only thing that God spoke about the performance of Miracle Lotion® was, *"It will grow hair."*

I saw a couple I knew at the movies and her husband told me that his wife's hair had fallen out and did I know anything that could help her? They knew I was a cosmetic chemist. She had on a scarf. I told him what God said about Miracle Lotion® and he bought a bottle for his wife. He then asked, "How does she use it?" I said, "Just rub it in her scalp."

I saw the couple roughly a month later at an event. Tears streamed down his wife's cheeks as she told me her story.

She showed me the pictures of her hair before she started using Miracle Lotion®. There was a big bald spot right in the middle. Her hair was completely filled in as I stood there looking at her head. She also explained that before she got Miracle Lotion®, she could not wear open toed shoes or sandals because her feet were terribly cracked. She was standing there in open toed sandals and her feet looked smooth as silk.

I asked her to send me those pictures and could we use them, and she said, "Yes you can use them, and I will send them to you right away." The pictures on the hang tag are the actual pictures that she sent.
